

Karen McGrath

Karen is being honored for her many years of service to our congregation, to UUWF, and to the Santa Fe Community. The first Sunday she attended UU Santa Fe, she was asked to head the Building and Grounds Committee. She accepted and was very successful at bringing in volunteers for work parties.

She has served on the pledge committee, permanent endowment committee, and co-chaired both the book sale and the auction. In UUWF, Karen has served as treasurer and maintained the membership database. She is our go-to person for providing audio/visual needs for our speakers.

In the Santa Fe community, Karen served as the Registrar for Renesan for 10 years, creating a database to manage enrollment. She also created a database for the Lensic Performing Arts Center to manage volunteer usher schedules. Obviously, her knowledge and work history in computer programming – which goes back to the punch-card era! – has been a gift she has given freely since her retirement, and has been valued and appreciated by many.
