

Ann Morgan

Ann is being honored for her active participation in the Unitarian Universalist Congregation of Santa Fe in a variety of meaningful ways, and for her support of the Unitarian Universalist Women's Fellowship, which has included being a member of its leadership and helping to plan its programming.

We also recognize her continued concern for, and service to, the wider Santa Fe Community through political activities that enhance the well-being of the community, as well as her ongoing contributions to organizations serving the homeless and hungry, children in need, and women seeking health care.

For all these reasons, and her welcoming nature – which helps bring new members to the congregation – we thank her.
